

The legal system is rigged. We're all working harder than ever but struggling to make a living, buy a home, or get ahead. The economy is growing but all of that [wealth is concentrated at the very top](#). The Trump Administration is [rounding up immigrants](#) who've never committed a crime, while Trump and his cronies [break the law every day](#). The most powerful corporations in America are driving up prices, stealing from us, spying on us, and crushing small businesses. **And the legal system lets them get away with it.**

[David Seligman](#) is running for Colorado Attorney General to take on these Goliaths in our lives—Donald Trump's political corruption and rampant corporate abuse—and to put the law back on the side of working people.

Donald Trump and his billionaire supporters have the whole broken system on their side, but we've got something stronger: the power of numbers. David is running a different kind of campaign—a campaign powered by regular people, for regular people, a campaign to build the legal system that we deserve. The Seligman for AG campaign is recruiting its first class of Fighting Goliaths Fellows. Fighting Goliaths Fellows will be volunteers supporting policy and organizing work for David's campaign—and helping us grow this movement to fight for a brighter and better future. **Apply at bit.ly/fightinggoliaths by October 29, 2025.**

Fellow Responsibilities:

- Commit 5–7 hours a week to the Seligman for AG campaign;
- Join a policy team developing innovative plans to take on the most urgent problems facing regular Coloradans and to put the law back on the side of working people. Fellows could be tasked with researching legal tools to lower prices and fight corporate abuse; stand up to Donald Trump's growing authoritarianism; fix a broken healthcare system that puts profits over people; take on corporate polluters; or defend abortion, free speech, the right to a union and other core civil liberties;
- Build the power of our numbers by organizing regular people across Colorado, including supporting campaign Town Halls, organizing events, and field outreach;
- Amplify the campaign's message in your campuses and communities.
